

Dear AIM USA Students and Parents:

As guests at this school it is important we follow the rules set by the Principal. It has been brought to our attention that some students and parents have been entering the school through an entrance not permitted to us. Also, some AIM USA students, and parents have been wandering in parts of the school that are also not permitted. Please enter only through the door designated by your Instructor. It is important that we stay within our assigned room and use only assigned rest rooms. Your full cooperation is imperative, without it we may lose privileges to conduct lessons at this school.

Thank you so much for your support and understanding,
Susan Cooper
Executive Director
AIM USA
